

# VacuEasylift VM1 60 hook lifter plastic containers

Project number: Standard

Project supervisor: Mark Roberts, TAWI UK Ltd England

Equipment, this version: VM1 60, max 60 kg, hook lifter attachment art nr 630460. The hook lifter is an attachment originally adapted for model VM120 so an adapter plate art nr 630270 must go inbetween for a tight fit with the VM160 used here. Lifting 2 x 25 kg plastic containers on to pallet. These containers consist of fluid for car cleaning products used in the manufacturing process of TURTLE WAX.

**Many other processes within chemical industry use fluids in the same way.**
